

## Local Indigenous Artist Being Sought to Paint Mural at Trent University

Below is a message received from Dawn Lavell-Harvard at Trent University:

Greetings. We have a wall designated in the dining hall for a mural. I have suggested that it should be done by local indigenous artists and have now been tasked with reaching out to find someone who might be interested in the commission. Please pass this along and/or send me names of any local artists who might be interested.

thanks in advance for your help.

Dawn.
